Welcome to our catalog!

Rosedale Bible College is an unusual place.

It began sixty years ago with a group of church leaders with a vision for a school where young adults could study Scripture intensively and lay spiritual foundations which would last a lifetime. Berlin Bible School was born.

Many things have changed since then. The school moved to Rosedale and became a Bible institute. Several generations of students and faculty came and went, and the institute eventually became a Bible college. There are courses in this catalog that weren’t part of the curriculum in the 1950s, though some of the originals remain.

But the most important thing that remains is the vision to keep Scripture and spiritual foundations at the heart of our mission. You’ll see evidence of that as you explore these pages.

Since it began, Rosedale has helped to launch several thousand alumni who’ve gone on to do a wide variety of things: return to the family farm or business; become pastors and church leaders; continue formal education elsewhere; devote their lives to overseas missions.

For all of them, Rosedale helped to lay important foundations, and it’s what we’re still committed to doing.

I’m glad you’ve found our catalog. And if you decide to make Rosedale part of your future, I’m confident that you’ll be glad you did.

Jon Showalter, President
Introducing Rosedale Bible College

**General Information**

Our vision as Rosedale Bible College is to be a center for the advancement of an engaged and evangelical Anabaptist faith.

Rosedale Bible College is dedicated to teaching the Bible as well as courses in subject areas related to Christian ministry. With an average enrollment of sixty, the student body includes high school graduates, college students, pastors, missionaries, and individuals from a variety of vocations and professions. Students come from over half the states, several Canadian provinces, and a few foreign countries. Rosedale Bible College operates under the auspices of the Conservative Mennonite Conference and serves a constituency of predominantly Mennonite churches primarily in the eastern and central U.S. There are approximately 7,000 alumni.

Rosedale Bible College is accredited by the Association for Biblical Higher Education. Students wishing to contact the accrediting agency may do so at 5850 T.G. Lee Blvd., Suite 130, Orlando, FL 32822; phone (407) 207-0808. Rosedale Bible College is also authorized by the Ohio Board of Regents to grant the Associate Degree in Biblical Studies and One-Year Certificate in Biblical Studies.

**History**

Begun in 1952 as a six-week Bible school in Berlin, Ohio, Rosedale Bible College has developed a two-year program which includes a core curriculum of Bible, theology, leadership, missions, and general education courses.

From simple beginnings in the Pleasant View Mennonite Church with students lodged in area homes, the school has grown to a campus which includes men's and women's residence halls, a classroom building, gymnasium, dining hall, staff and married student apartments, and library-chapel-office complex covering 10 acres. The chapel has a seating capacity of 400 and is used to host community events as well as college programs.

The junior college program, which began in 1966, now consists of fall and spring semesters and a winter term.

**Faculty**

Faculty members are chosen both for their teaching skills and for their commitment to effective service in local congregations. In addition to formal training—all resident faculty members have at least a master’s degree—spiritual commitment and dedication to Christ and the church are essential qualifications.

**Curriculum**

RBC offers concentrations in Bible, Education, Missions, Music and Worship, Pastoral Studies, Theology, Youth Ministries, and General Studies. Programs of study leading to graduation are one or two years in length. Classes are designed to provide inspiration for personal growth and to prepare students for service.

Admissions

Rosedale Bible College admits students who will benefit from the spiritual and educational emphasis of the school and who will make a positive contribution to campus life.

The primary criteria for admission are a loyal devotion to Christ and willingness to cooperate with the guidelines of the school. High school graduation or a GED diploma is required for normal admission. Others may be admitted on academic probation.

Application and reference forms should be in the office thirty days prior to the beginning of the term of study in order to ensure adequate time to process the application.

Prior to the beginning of each school year, the college publishes a course registration form which lists the courses being offered and the daily schedule for each term of study. Students who have been accepted for study at RBC register for classes by returning the course registration to the academic office.

Returning students are generally not required to submit a new application. They may simply fill out a re-enrollment form available both from the academic office and on the RBC website. Contact the admissions office for details.

Guidelines for student life are found in the student handbook at rosendale.edu.

International Application

Requests for credit transcripts from RBC must be made to the academic office in writing and include the name and address of the school to which the transcript is to be sent. The first two transcripts are free. Additional transcripts are $3 each. Transcripts will not be released if fees are not paid.

Rosedale Bible College has a formal articulation agreement with Bluffton University, and lists of course equivalents have been compiled in cooperation with the academic offices of Bethel College (Mishawaka, Indiana) and Columbia International University. Rosedale students have successfully transferred credits to many other schools. Students should check with the college they hope to attend after RBC as they decide which Rosedale classes to take.

**FEATURES OF STUDENT LIFE**

Student life at RBC is designed to encourage spiritual growth by creating a nurturing campus environment that fosters a dynamic faith in Jesus Christ. Christians are bombarded with ideas and social norms that often challenge those who want to follow Jesus. We've structured student life to help quiet the many voices that can drown out the “still small voice” of God. Please see the student handbook for details about the community standards by which students are asked to live.

**CHAPEL**—Regular chapel services are held throughout the week. Services include elements of worship such as music, prayer, preaching, scripture reading, and other special features.

**PRAYER GROUPS**—Prayer groups meet weekly for times of prayer and sharing during a chapel period.

**SUNDAY EVENING SERVICES**—Services are held on campus throughout the school year. Students attend local churches on Sunday mornings.

**EXPLORE**—Each full-time, residential student is assigned to a ministry team during the fall and spring semesters. These teams give the opportunity for students to be exposed to and gain experience in different forms of ministry. Students serve a minimum of 15 hours per semester.

**WORSHIP TEAM**—Participation is open to students who want to develop musically, learn how to lead worship, and work together as a team. This includes weekly rehearsals and preparation times before each worship service.

**ROSEDALE CHORALE**—Chorale is a select, mixed chorus with the purpose of blending worship and artistic discipline in a ministry of music. Students receive academic credit. Programs include several weekend trips and a week-long tour during the spring semester.

**ROSEDALE CHOIR**—This is a mixed chorus with open participation. Rosedale Choir uses a variety of musical styles in its performance in local churches, nursing homes, and events on campus.

**SALT & LIGHT CO. & VERITAS**—These are small mixed music and ministry teams that tour throughout the school year. Participants may receive academic credit.

**Drama**—Each year students have the opportunity to perform in a full-length play on campus or travel with a team giving programs in churches and schools. Please contact the college to find out which type of drama program is being scheduled. Participants may receive academic credit.

**Student Council**—A student-elected leadership group helps facilitate creative and productive campus life.

**Coffee Shop**—A self-serve coffee shop is located in the academic building; coffee, cappuccino, and a variety of food items are sold on the honor system. The coffee shop is a hang-out spot for students wanting to study, play games, or chat with friends.

**Sports & Athletics**—Intramural sports are organized throughout the year and have included volleyball, basketball, Ultimate Frisbee and indoor soccer. Other recreational options include a nine-hole disc golf course, Spikeball, table tennis, pool, and a weight/exercise room equipped with treadmills and free weights.

**Medical Coverage**

RBC will not be liable for accidents, injury, or illness of any student while attending school. Students are expected either to have a medical coverage plan or to sign a waiver releasing RBC from any responsibility for medical expense. The school provides information concerning a low-cost, minimum coverage health plan for those interested.

**Transportation**

RBC will arrange for transportation to and from public transportation terminals. Students reimburse the school at the current mileage rate.

**Residence Halls**

The residence halls close during breaks and open the evening before classes resume. Prior arrangements are necessary for early arrivals. Students will receive additional information regarding orientation for each term of study.

DIVISION I—BIBLICAL/THEOLOGICAL

BIBLICAL GENERAL
BGE 210  Principles of Biblical Interpretation (Three hours)
This course is a study of the principles and procedures to be followed in gaining a correct understanding of the Scriptures. The use of the grammatical-historical method, in conjunction with an understanding of the unique distinctives of the different genres of biblical literature, will be promoted in approaching the interpretation of the Scriptures.

OLD TESTAMENT
BOT 131  Genesis (Three hours)
This “book of beginnings” is foundational for an understanding of the rest of the Bible. It covers an immense expanse of over two thousand years of human history of which little is known apart from this book. Most of the vital doctrines of the Bible are introduced here.

BOT 138  Psalms (Three hours)
The Psalms will be studied as primarily the prayers and aspirations of David and his companions which were later used in the worship of the people of Israel and compiled in a methodological fashion to form the present canonical Psalter. The theme of the books of the Psalter and their individual psalms will be examined for their relevance to the life of faith of the believer and the messianic hope.

BOT 140  Old Testament Poetry (Three hours)
As much as one third of the Old Testament, including Psalms, The Song, Lamentations, and many prophetic texts, is written in poetic form. In addition, poetry is often embedded in Old Testament prose. Understanding figurative language, imagery, and literary artistry will give students richer experiences when reading the Old Testament and in personal and corporate expressions of worship to God. Taught in workshop style, students in this course will actively engage with the powerful and beautiful poems of the Old Testament.

BOT 213  Old Testament Survey (Three hours)
This course is a survey of the entire Old Testament, giving special attention to literary features such as authorship, theme, structure, and content of each of the books, along with analysis of the historical background and geographical setting. The course provides an overview of the growth of the Old Testament canon and the unfolding of God’s redemptive purposes through his chosen people, Israel.

BOT 214  Old Testament Prophets (Three hours)
“The Lord roars from Zion” and other more subtle messages from God’s ancient spokesmen are reviewed with attention to current applications. Study the expressions of God’s covenant love combined with uncompromising judgment. Note the agreement of the prophets regarding the nature and desires of God despite intervening centuries and divergent personalities.

NEW TESTAMENT
BNT 101  Synoptic Gospels & the Life of Christ (Three hours)
In this historical overview, the person of Christ becomes more vivid when studied against the religious, political, and social backdrop of his day. Focus is on the major events of Christ’s life and understanding the essence of his ministry and teaching. Special attention is given to the major theme of his preaching: the Kingdom of God.
BNT 112  New Testament Survey (Three hours)

The New Testament is the timeless completion of the written revelation of God to humankind. This chronological overview will attempt to develop a faithful understanding and appreciation of the relevance and message of the New Testament. The course will begin with a study of the historical, geographical and cultural background of the first century, will include an introduction to each of the twenty-seven books, and will focus on several prominent New Testament themes.

BNT 121  General Epistles: James; I & II Peter; I, II, III John; Jude (Three hours)

The call of the General Epistles to hold fast to the faith despite difficulty, persecution, and false teaching of various types will be studied and its contemporary relevance considered. The life setting of each of the letters will be examined along with issues of authorship, occasion for writing, purpose for writing, basic thrust of the letter, detailed analysis of its contents, and contemporary relevance.

BNT 125  Prison & Pastoral Epistles (Three hours)

This course examines the mature understanding of the significance of Christ and the gospel, and the ministry of the church, reflected in the Prison and Pastoral Epistles. The life setting of each of the letters will be examined along with issues of authorship, occasion for writing, purpose for writing, basic thrust of the letter, detailed analysis of its contents, and contemporary relevance.

BNT 134  Gospel of John (Three hours)

Students will seek an in-depth, adult, academic, and functional knowledge of this gospel. Teaching will consist of presentations and guided discussions. Principles of sound Bible interpretation, history, context and theological issues will be under consideration. After the introductory classes, the course will proceed through the Gospel of John on a chapter by chapter basis.

BNT 135  Acts & the Early Church (Three hours)

The expansion of the church from Jerusalem, Judea, and Samaria to the ends of the Roman world will be examined primarily in conjunction with the history of the early church portrayed in the book of Acts, but also from historical data gleaned in the epistles of the New Testament. The dynamics of growth of the N.T. church will be considered in conjunction with the geographical, cultural, and theological hurdles that had to be overcome in order to fulfill the command of Christ to make disciples of all nations.

BNT 137  I Corinthians (Three hours)

The purpose of this letter of Paul was to solve the problems and answer the questions that arose as the Corinthians sought to live together as God’s church in an evil setting. An exegetical study of the book will be incorporated with problem-solving techniques applicable today.

BNT 242  Romans (Three hours)

At the very heart of Christian thought and experience is the glorious gospel of Jesus Christ. Romans is Paul’s most comprehensive presentation of that gospel, as well as a treatment of how it affects our inner lives and our relationships with others.

BNT 244  Hebrews (Three hours)

The Book of Hebrews is of special interest to Anabaptists because it is foundational to our understanding of New Testament finality, helping us understand the Old Testament in light of Jesus Christ, and Jesus Christ in light of the Old Testament. Hebrews challenges us with many interpretative problems and is also a book which poses historical issues that remain mysterious—authorship, audience, and provenance, to name a few. Through the direct study of the Scriptures, the use of a scholarly commentary, and the instructor’s help, students will have the opportunity to dig deeply into a book that can provide a lifetime of rewarding reflection for believers.
BNT 248 Revelation (Three hours)

The book of Revelation is seen by some outside the church as “the most rabid outburst of vindictiveness in all recorded history.” By some within the church, it is seen as a great puzzle to solve. We will read this book as a reminder of the spiritual battle the church always finds itself in and as a message of hope in the midst of that battle. With this as our goal, our study of John’s Revelation will place its emphasis on the text itself, with two primary foci. First, what was the author’s original intent for his first-century readers? Second, what can and does this book mean for the Christian church today?
