Camp heads to COSI

After morning choir practice Choral Camp will load onto buses for a 45 minute drive to the Center of Science and Industry.

But those who expect to go to the same building where COSI was last year are in for a surprise. While you were gone from Choral Camp for 51 weeks last year, COSI moved several miles into a building much bigger than the old site.

At the new COSI you will begin your visit in a massive 75-foot tall atrium cube that is aligned with true north. From the atrium you can choose any of seven Learning Worlds. You can explore underwater shipwrecks and discover hidden treasures in OCEAN. Join an archeological dig in ADVENTURE. You can travel in time in PROGRESS, jumping from 1889 to 1962 in the blink of an eye. You can learn

about cells, nutrition, health and medical technology in LIFE. Or you can put your hands on the controls of some levers, gears, and lasers in GADGETS.

And the newest exhibit at COSI called RAISE THE ROOF shows you how structures are built. You can explore a collapsible dome and find out how walls fall down when demolition experts go to work.

Campers will leave at 10:15 and return at 4:00 to play in the soap slide.

Did You Know?

... that students at Rosedale stay up all night long several times a year to play in volleyball tournaments? They also play basketball, football, indoor soccer, and frisbee after their classes. If you want to stay up all night to play volleyball make sure to come to Rosedale in about a decade.

Psalm of **95:1-7** the Week

Come

let us sing for ___ to the Lord;
let us ___ aloud to the Rock of our
salvation.

let us come before him with _____
and extol him with _____ and
song

For the Lord is

the great _____,
the great King above all _____.

In his hand are

the depths of the _____ and
the mountain _____ belong to him.

The sea is _____, for he made it.
And his hands formed the dry _____.

Come

let us bow _____ in worship,
let us kneel before the Lord, our _____;

For we are

the people of his _____,
the _____ under his care.
