Camper actually takes shower and puts on a fresh shirt

Defying camp etiquette around the world, a camper actually took a shower and put on fresh shirt Thursday. Phyllis Swartz, camp director, said:

"I'm sure he meant well, but it's certainly not normal. I'm still trying to figure it all out!"

In other news, campers went to bed as originally scheduled last night.

Ryan and Kris update

ROSEDALE, OH -- Ryan Freed and Kris Shirk both ate earthworms Thursday in a gesture of appreciation for one another. Ryan swallowed his earthworm whole, and Kris chewed hers real slow. If only every couple could express their affection in such romantic fashion.

From the Pastor's Desk

I want to say a big thanks to all of you for helping to make this a really good week.

When I talked about God’s gift of sound in our first chapel, I had no idea how many sounds would be part of this week. Below are some of my favorite happy sounds from this week:

- ✓ sounds of enthusiastic clapping and cheering for lunch-time performances
- ✓ whirring of wheels at the roller rink
- ✓ silvery sounds of hand chimes on “Simple Gifts”
- ✓ soothing sound of a fan on a hot, humid Rosedale night
- ✓ a shovel preparing the hole for the tree planting
- ✓ pop and crackle of the evening campfires
- ✓ thoughtful responses of campers to campfire questions
- ✓ roar of the yellow/orange/red group as you “attacked” me at the campfire!
- ✓ shaving cream oozing from the cans
- ✓ water splashing on the big slide
- ✓ good-night prayers in the dorms
- ✓ varied strange noises from the morning shofar calls
- ✓ Psalm 108:1-5 over and over and over again
- ✓ the sound of silence in a dorm hall after lights out

What were your favorite sounds?

I’m so glad I could share this week with you. I pray that each of you will continue to grow in your praise of our great God through your words, your music, and your lives.
