More Than 50 New Choral Campers This Week

There are approximately 54 new campers here this week, and the *Record* would like to welcome every single one of them. Since we don't have space for 54 interviews, we picked two new campers to introduce.

Hamilton Schlabach thought Choral Camp sounded really fun, especially since his older cousins, Polly and Andy Sommers, are counselors this year. Hamilton is a first-year camper from Delaware. This daring 9-year-old is looking forward to the Choral Camp Cream and all the messy fun involved in that. He even left his three-year-old sister at home in order to join in the festivities. Hamilton arrived on campus this morning after a 9-hour drive but still seemed awake enough to be interviewed and photographed by *Record* staff.

Kayla Troyer, age 8, arrived on campus last night after a 2-hour drive from right here in Ohio. She found out about Choral Camp through a video she saw. The Choral Camp Cream seemed especially exciting and she is now anxiously awaiting her chance to use her new goggles and participate in her first shaving cream battle.

Cat Soothes Remembered Separation Anxiety

About the time that parents were bringing their children into the lobby and saying goodbye to them, the *Record* caught Camp Coordinator Phyllis Swartz looking distracted and clutching a cat in a tight embrace. Experts consulted by the *Record* suggest that this behavior may have resulted from watching parents give their kids farewell hugs. Swartz probably hugged this soft feline in unconscious substitution for her own sweet children, even though those children have now grown to be independent adults. Swartz offered a different explanation when asked, but the *Record* is not convinced.

Whatever the explanation for her affection toward the cat, the *Record* is pleased to pass along this message from Mrs. Swartz to the camp:

Welcome!

It's happened again! The quadrangle, empty yesterday, is now filled with people walking on stilts, playing volleyball, and whirling hoola hoops. Dorm rooms are full of luggage and teddy bears.

I hear pianos and flutes and people laughing and talking. I've even seen a few cans of shaving cream.

All this means Choral Camp is here again, and we are happy to welcome you.

I hope your week is intriguing, fun, meaningful, and stimulating.

CONTEST!! Design Next Year's T-Shirts!

Campus seems to be flooded with "Island Yellow" T-shirts: Choral Camp shirts of course. Besides being a new color, this year's shirts once again sport a new design on the back. However, a crisis looms

for collectors of Choral Camp shirts. Kevin Mayer, the Mayer in the world-renowned design team, Mayer and Swartz, "I'm all out of designs for Choral Camp shirts. There is not one more left in me."

As a result of this catastrophic news, Choral Camp is announcing a competition open to all campers and counselors. Beginning today and running through the entire week of camp, Choral Camp offices will accept designs for next year's T-shirts. The winning design, along with the name of the designer, will be printed on next year's Choral Camp T-shirts!

Design ideas may be turned into the *Record* office at any time. Submissions must include the designer's name, home state, hall, and room number. Designs must be drawn on an 8 1/2 by 11 sheet of paper (available in the art room during Choose-A-Spot) and may be in pen, pencil, marker, crayon or pencil colors, or any other medium excluding chalk. Choral Camp reserves the right to make changes to selected designs. Winners for the contest will be announced after the second week of Choral Camp and will be posted on the web at www.rosedale.edu.

Apparently there is a limit to the number of hugs a young man can be expected to willingly receive on a hot July afternoon.
