Goodbye till next year, Choral Campers!

Bethany says farewell, au revoir, pacim

Dear Choral Campers,

I can't believe we made it to the end of camp already! I am so inspired by your hard work and great attitudes this week. Choral Camp has always been my favorite part of the summer, and I hope it was a favorite of yours this year! It's amazing to me how so many kids from so many different parts of the country come together every summer to sing and make music together. Hope to see you all again next year!

~ Bethany Barkdoll
Choral Camp Coordinator

Did you know that you can go to college on the Choral Camp campus? You can even graduate, like Bethany did. If you've learned to sing really well, you can tour with the Rosedale Chorale. Ask Ken Miller—he's the Chorale director.

Radioactive popcorn surprise

Keturah Ebersole demonstrates her newfound power for Angel Funk.

stream of fire spewed out of her mouth, torching the entire sink!

Counselors rushed to the rescue with fire extinguishers at the ready, but were flabbergasted to discover only Miss Ebersole calmly putting away her toothbrush amidst all the wreckage as if

Camp authorities find out what was scientists and report an answer to this something in her food Kitchen staff tactfully

Eventually, the cause the rickety old pop-mastermind Joel wire in the back of sparked at the exact corn popped, producing a single radioactive kernel of popcorn – the piece that gave Keturah the ability to blow fire!

Crew members sent in a hazmat unit to repair the machine.

Meanwhile, Keturah remains the only camper affected – although campers are advised to be on the lookout for anything out of the ordinary – particularly heaps of ash where sinks used to be.

By Alex Paat

Keturah Ebersole thought nothing was out of the ordinary as she chomped blissfully on her popcorn one evening this week. Little did she know that the seemingly innocent snack was about to give her (and everyone else at Choral Camp) a colossal surprise.

Keturah first suspected something was a little weird while brushing her teeth that night. Just as she was about to finish, a huge

nothing was wrong. launched an investigation to going on. Dauntless teams of ers scoured the campus for unexplained mystery. Could have given her this new power? declined to comment. of the incident was traced to corn machine. Technological Bender discovered a loose the machine which must have nanosecond a kernel of popcorn – the piece that gave
