THE PLIGHT OF THE GREEN LIGHT

By Ellie Blanton

In an effort to ensure that all campers, counselors, and other staff receive ample portions at mealtimes, the Green Light system was put into place. Meal after meal, campers wait anxiously for the Green Light to be put up so they can fill their tray with more food.

“I wait eagerly, anticipating the moment when my plate can be filled with seconds of delicious chickenetti,” says camper, Zane Kelly. “I just can’t get enough of it!”

The Stoplight itself is placed right next to the kitchen doorway. However, when it’s not in use, the Green Light is stored in a secret location unbeknownst to all, except the camp’s Head Cook, Stephanie Jones.

Disaster struck late Tuesday night when Stephanie noticed that the Green

Light was missing from its hide-away. Since then, the potential whereabouts of the Green Light have been thoroughly investigated. Camp Director, Kirk Kauffman, assured the Record Staff not to fret for the FBI has been alerted and they are on the case.

Meanwhile the Crew is questioning suspects in order to recover the beloved Green Light. For now, portions are being rationed in an effort to make sure all campers are fed adequately. Hopefully the Green Light will be located soon. Our ever-optimistic Head Cook seems to think it will. “Maybe it was just simply misplaced,” suggests Stephanie, “I highly doubt any of our campers would commit robbery.”
