## Implications and Intrigue

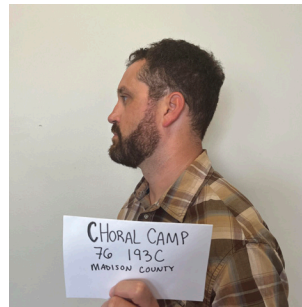

The Scandal of the Spoon has taken Choral Camp's campus by storm. Unanswered questions linger in the air; accusing fingers point at potential suspects. Nobody knows what to think! Record reporters have been working hard the past day to solve this mystery before another spoon or fork falls prey to the trash can.

Early yesterday morning, reporters sat down with #1 Suspect, Megan McGaffey, to hear her side of the story.

"This has just been so hard," Megan said, her voice shaking. "I can't believe anyone would ever think I could do such a thing!"

When asked why her fingerprints had been found on the spoon, her brows furrowed and her eyes darkened. "I have been framed!" She growled.

Record reporters asked if she had any suspicions of who may have framed her. "I have a pretty good guess," she said, her voice low. Reporters leaned in to hear every word. "I have good

reason to believe that the real culprit is... Kirk Kauffman!"

Reporters gasped, looking around at each other with wide eyes. Kirk Kauffman? "Why would he do such a thing?" one asked. Megan declined to say any more, but reporters did hear her mumble the words, "jealousy," "overthrow him," and "paranoid."

Other rumors have been swirling around campus. Some campers believe that Megan truly is to blame...only not Megan McGaffey! "I think a Megan did it, just not *that* Megan." Said one camper, who will remain anonymous. "Megan McGaffey, our wonderful

program director, could never, ever do such a terrible thing! One of the other Megans on campus must be to blame."

So, dear campers, the mystery has not yet been solved. While we will bring Kirk and the other Megans in for questioning, we may never know for sure who the mystery spoon tosser is. So this great question remains: who did it? Was it Megan(s), or was it Kirk?

## Super Games and Tree Planting!

Some of you may have seen Danae McGaffey, Megan's sister, walking around with an intense black eye! You might ask, "Where did she get it?" Well campers, the truth has come out. Danae has finally ended her silence on this new look: she received this nasty black eye while breaking her sister Megan out of jail!

"Megan would never betray a sister spoon." Danae commented. "She is loyal, has integrity, and highly respects both spoons and forks alike. It would be a travesty to blame her!"

When asked for a more detailed story about her black eye and the jailbreak, Danae declined to say more. Her parting words were, "I hope that justice will be served for sister spoon and for sister Megan. And I hope the real culprit is caught before they can strike again!"
