Battle of the Megans Continues

Less than an hour after *The Record's* bold investigation into the possible identity theft hit mailboxes, the scandal escalated from theory to downright power struggle. At breakfast, Megan Bender appeared to practice blatant favoritism against the back half of the room. Corbin Freed said "This is unfair" as Megan looked directly at their table and passed them by, even though they were hungry. This treatment was repeated at other tables. Several campers at these tables had been discussing theories of the identity theft earlier, and had promoted either Megan Krummrey or Megan McGaffey as the Original Megan.

Unfortunately, this was not the only act of favoritism. During lunch, a group of campers from Bach Hall secured their spot in the lunch line by chanting "You are the real Megan" to emcee Megan McGaffey. The moment she heard these cheers, her face lit up and she sent them to eat. Campers watched with horror and envy at this clear reward. Throughout the meal, McGaffey repeated that she was the Original Megan. This kind of self promotion is very suspicious, and does not bode well for dissenting campers.

Clearly, battle lines are being drawn,

even though there is very little evidence for the true identity of the Original Megan. Of course, some Megans seem to have been involved in Choral Camp longer than others, but theories abound.

One theory claims that the Original Megan is actually Counselor Megan Krummrey. Krummrey could have used Einstein's Theory of Relativity to time travel from her original time, the early days of Choral Camp, so she could be involved in Choral Camp 2023. Her motivation is clear, as incoming research suggests that this will be the best camp ever.

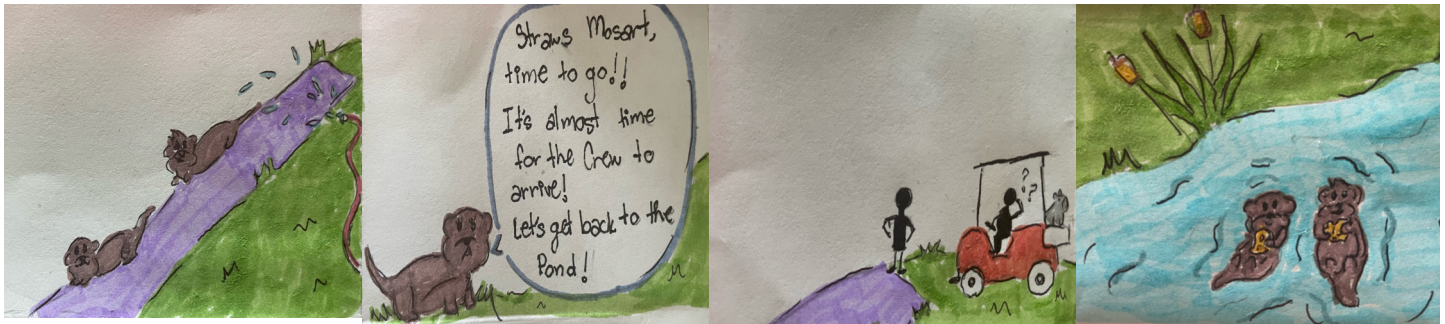

Another theory is that the Megans are all working together to push this story, although no motivation has been discovered.

Megan Troyer spoke to this reporter on her claims to the title. "It's simple," she said "I was firstest, and I am thirty-one years old. I am clearly the original Megan!" She went on to recount her history at Choral Camp, "I was Megan McGaffey's counselor when she was a camper." When asked how McGaffey behaved as a camper, Troyer simply laughed.

Ultimately, this investigation led to more questions than answers. Who is the Original Megan? Why are the Megans dividing campers? What secrets could they be hiding? Is Megan Krummrey a time traveler? We here at the Record will continue to seek an answer to this mystery.
