THE ROSEDALE RECORD

Reporting Choral Camp news since 2000

Slide, Ride, Climb, Your Shoes Are Safe!

The 2024 Choral Camp Staff is undoubtedly talented in unexpected ways. But their abilities do not end with their vocal and instrumental skill. In fact, one of our very own counselors has received a surprising and widely underappreciated medical degree.

Red counselor Christiana Ebersole, known as Dr. Christie to her patients, has recently completed her degree in Croc Surgery and Repair from Rosedale Bible College. This program is not very well known and is extremely difficult to get into. "I was one of only three students to be accepted," Christie said.

As exclusive as the degree is, even fewer make it through to graduation. The entire program takes 25 years to complete, and Christie was the only one in her class to graduate. This difficult path has led her to have big plans to put her education to good use.

"Now that my eyes have been opened to the wonderful world of croc health care, I can't wait to learn more about the wide world of shoe surgery." She plans to expand into other fields to eventually be able to repair the shoes of every camper.

Christie's talents have been put to good use this week and have helped her to train for her next big goal: setting a world record.

"The plan is to become the fastest croc surgeon in the world" she says. Her fastest time is currently just over one minute, but due to the competitive nature of footwear repair, she will have to get much faster if she wants the chance at being #1.

Campers, if you find your shoes in a state of disarray this week, be sure to seek out Dr. Christie and her fantastic footwear fixing skills and help her win that world record!
